SUMMARY

Motivated and adaptable undergraduate with a strong foundation in programming (C, C++, Python) and a keen interest in technology and innovation. Serving as the General Secretary of the Academic Activity Club and the Technical Article Writing Society, with additional experience in the Content and Documentation Team. Skilled in leadership, coordination, and technical communication, with a proactive attitude toward learning and contributing to organizational and technical growth.

EDUCATION

•Bachelor of Technology in Computer Science and Engineering	2024-2028
ModyUniversity of ScienceandTechnology,Rajasthan	CGPA: 9.73 (till 2ndsemester)
•Higher Secondary School	2023
Tagore sr. sec. School Narnaund	Percentage: 96.4
•Secondary School	2021
Tagore sr. sec. school Narnaund	Percentage: 100

PROJECTS

- AIRLINE RESERVATION SYSTEM September 2025
Developed an Airline Reservation System in Python to automate flight booking, cancellation, and passenger management, enhancing efficiency and accuracy in ticket operations. Implemented features for seat availability checks, booking records, and passenger details using file handling for real-time data storage and streamlined management.
- KBC QUIZ GAME November 2024
Developed a console-basedKBC quiz game in C++ featuring multiple-choice questions, lifelines, andaprogressive reward system. Built the game usingmodular functions, arrays/vectors, and conditional logic to manage gameplay flow. Designed an interactive user interface andreal-time score tracking. This project strengthened my understanding of problem-solving, control structures, and core C++ programming concepts.
- TYPING TUTOR May 2024
Created a console-based Typing Tutor application in C to help users improve typing speed and accuracy. Implemented features like timed typing tests, real-time error tracking, and words-per-minute (WPM) calculation. Utilized functions, loops, arrays, and file handling to manage test data and user performance. Designed a simple, user-friendly interface to display results and progress. This project enha nced my understanding of C programming and logical problem-solving.

SKILL SETS

Languages: C/C++,Python

Tools and Technologies : VS Code, Turbo C, IDLE Shell 13.0, SolidWorks, Multisim

Language Proficiencies : English, Hindi, German(Basic)

Soft Skills: Problem Solving, Self-learning, Presentation,Team Work, Communication

CO-CURRICULAR ACTIVITIES

- Participated in “UAV, Sensors and Communications” by MNIT Jaipur
- Participated in START Program by ISRO
- Participated in a 30-hourValue Added Course on Essentials of Computer Science
- Participated in Infosys Springboard C Programming Course

EXTRA CURRICULAR ACTIVITIES

- Member of **Enginium Technical Society , Technoryx (Content and documentation) Society**
- General Secretary of **Academic Activity club**
- Cleared NTSE (National Talent Search Examination) and received the merit-based government scholarship.
